

NATO Technical Viewpoint

The NTV provides the technical implementation guidelines upon which engineering specifications are based and common building blocks are established. The NTV includes a collection of the technical standards, implementation conventions, standards options, rules, and criteria organized into profiles that govern systems and services, and their elements for a given architecture.

The views of this viewpoint are described in the following sections:

- [NTV-1 Technical Standards Profile](#)
- [NTV-2 Technical Standards Forecast](#)
