

Using a path variable to share OWL import catalog files

To use a path variable to share OWL import catalog files

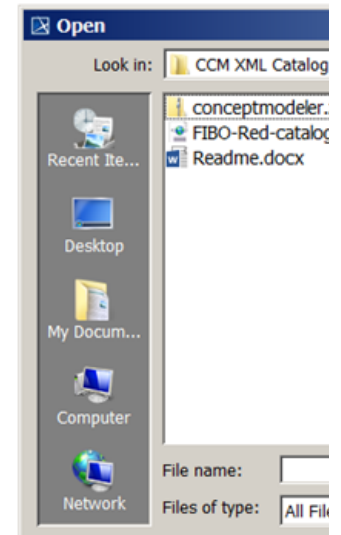

1. Click **Options > Project**.

2. Click in the field next to **OWL Import Catalog**.
3. Click the ... button.

4. Select the XML catalog file.
5. Click **Open**.

6. Select the path to the OWL import catalog that includes the defined path variable.
7. Click **Use Selected**.
