Working with licenses

License can be either free or commercial.

- A free license allows up to 10 logged in users and an unlimited number of Guest users. However a free licence does not support publishing with
- A commercial license allows up to 5, 10, 25, 50, 75, 100, or an unlimited number of logged in users and an unlimited number of Guest users. In addition, a commercial license supports publishing with custom templates and commenting. Note, that anonymous commenting is only available with an unlimited commercial license.

To learn more about applying and activating licences see:
