

# Comment elements under Requirements of DOORS Next Generation Data Sources

To display a DOORS Next Generation comment element under a Requirement

- Right-click a DOORS Next Generation Data Source and select **Show comments**.

The comment element(s) will be displayed under the Requirement(s) of the selected Data Source.

Comment elements are shown under the Requirement of the selected DOORS Next Generation Data Source.

**Note**

DataHub does not show the Requirements' comment elements by default.
