Operating systems

For **modeling tools*** and **Teamwork Server**, any Java SE 8 compatible operating system (Windows, Windows Server, Linux, Mac OS X) can be used for installing and running a program on the machine. For a specific Java Virtual Machine (JVM) version, please refer to Java version support.

For **Teamwork Cloud**, the following OS are supported:

- CentOs 6.6
- RedHat
- Windows 2012 R2

> ⚠️ **Earlier versions**
>
> Windows XP and earlier versions are not supported.
> Mac OS 10.6 Snow Leopard and earlier versions are not supported.
