

PV-1 Project Portfolio Relationships

Description

The PV-1 represents an organizational perspective on programs, projects, portfolios, or initiatives.

The PV-1 enables the user to model the organizational structures needed to manage programs, projects, portfolios, or initiatives. It shows dependency relationships between the actual organizations that own the programs, projects, portfolios, or initiatives. This model could be used to represent organizational relationships associated with transformation initiatives along with those who are responsible for managing programs, projects, and portfolios. The PV-1 provides a means of analyzing the main dependencies between acquisition elements or transformation elements.

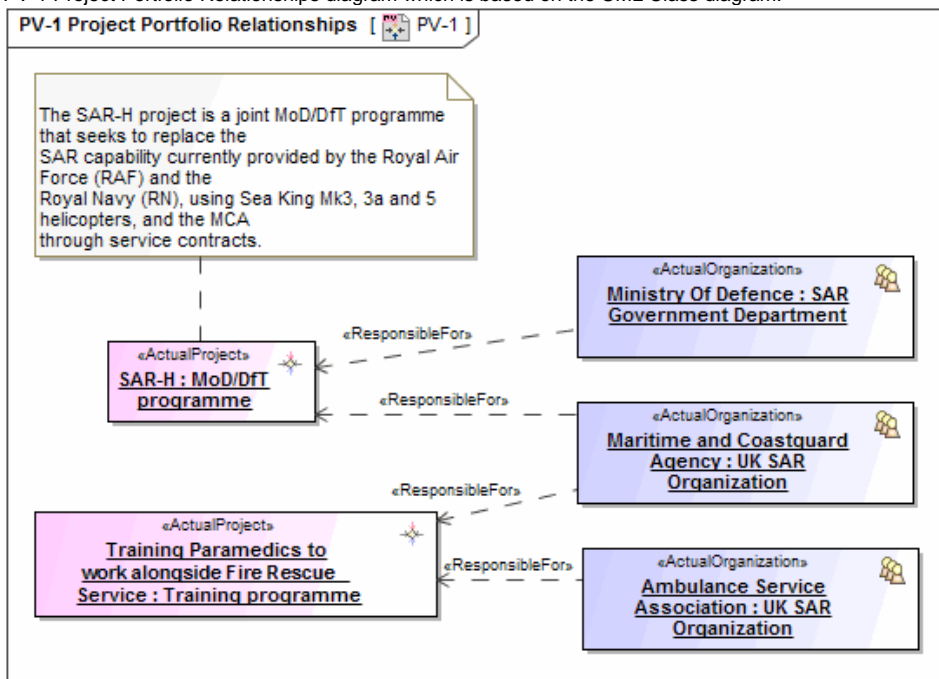

The intended usage of the PV-1 includes, but is not limited to:

- Program management (specified acquisition program structure).
- Project organization.
- Cross-cutting initiatives to be tracked across portfolios.

Implementation

PV-1 can be represented using:

- PV-1 Project Portfolio Relationships diagram which is based on the UML Class diagram.

- PV-1 Responsibility Matrix which is an editable Dependency Matrix.

Criteria

Select Row Scope: PV-1,PV-2

Select Column Scope: OV-4

	OV-4
Emergency Response Enhancement : Emergency Response Enhancement [Project Viewpoint::PV-2]	1
Flood Response : Flood Response [Project Viewpoint::PV-2]	1
new : Project Properties, [Project Viewpoint::PV-1]	
SAR-H : MoD/DfT programme [Project Viewpoint::PV-1]	2
SAR Project : DLOD Project, Project Properties [Project Viewpoint::PV-2]	1
Training Paramedics to work alongside Fire Rescue Service : Training programme [Project Viewpoint::PV-1]	2

OV-4

- Ambulance Service Association : UK SAR Organization
- Danny Driver : Qualified Lifeboat Driver
- Department Of Transport : SAR Government Department
- DoT SAR Lead : UK SAR SC Member
- John Lifeguard : Qualified Lifeguard
- Lifeboat Driver : MRT Driver
- Maritime and Coastguard Agency : UK SAR Organization
- Ministry Of Defence : SAR Government Department
- MoD SAR Lead : UK SAR SC Member
- Radio Operator : MRT Communicator
- Rescue Swimmer : MRT Swimmer
- RNLI : UK SAR Organization
- Ron Radio : Marine Radio Operator

The model is strongly linked with the [CV-4 Capability Dependencies](#) model which shows capability groupings and dependencies.
