

Property Set elements for measurement tables

Working with measurement tables, you can create or add Property Sets. The list of available Property Sets according to the domain is provided in the following table:

Measurement Tables	Property Sets and their specializations
Strategic Measurement Tables	<ul style="list-style-type: none">• Capability• Challenge• Driver• Effect• Enterprise Goal• Enterprise Objective• Enterprise Vision• Measurement Set or their specializations• Opportunity• Strategic Information• Strategic Phase• Value Item
Operational Measurement Tables	<ul style="list-style-type: none">• High Level Operational Concept• Known Resource• Measurement Set (except Value Item)• Operational Architecture• Operational Information• Operational Interface• Operational Mitigation• Operational Performer• Operational Signal
Services Measurement Tables	<ul style="list-style-type: none">• Measurement Set (except Value Item)• Service• Service Architecture• Service Interface• Service Signal
Personnel Measurement Tables	<ul style="list-style-type: none">• Competence• Measurement Set (except Value Item)• Organization• Person• Post• Project• Responsibility
Resources Measurement Tables	<ul style="list-style-type: none">• Capability Configuration• Known Resource• Measurement Set (except Value Item)• Natural Resource• Organization• Person• Post• Project• Resource Architecture• Resource Artifact• Resource Information• Resource Interface• Resource Mitigation• Resource Service• Resource Service Interface• Resource Signal• Responsibility• Security Enclave• Software• System• Technology• Whole Life Configuration

Security Measurement Tables	<ul style="list-style-type: none"> • Measurement Set (except Value Item) • Operational Mitigation • Resource Mitigation • Risk • Security Enclave • Security Risk
Project Measurement Tables	<ul style="list-style-type: none"> • Measurement Set (except Value Item) • Project • Project Milestone
Standards Measurement Tables	<ul style="list-style-type: none"> • Measurement Set (except Value Item) • Protocol • Protocol Stack • Standard • Technology
Actual Resources Typical Measurement Tables	<ul style="list-style-type: none"> • Competence • Measurement Set (except Value Item) • Organization • Person • Post • Project • Responsibility
