

Deleting a comment

You can delete the comments that are no longer needed, but keep in mind that this action is irreversible.

To delete a comment

1. In a modeling tool, open the model related to the Cameo Collaborator for Teamwork Cloud document with comments you want to delete.
2. [Open the Cameo Collaborator comments panel.](#)
3. In the comments panel, find the comment you want to delete.
4. Click  on the right side of the comment to show available actions.
5. Click  on the bottom of the comment and select **Delete**.

Useful to know

- Deleting a comment also deletes all of its replies.
- You can delete individual comment replies the same way you delete comments.
