Adding roles

To add a role to a user or users group

- 1. On the Users application, click the user you want to assign a role to. The User pane will open.
- 2. Go to the Roles card and click Change button.
- 3. In the open screen, select the Add role tab and start typing a role name in the search box.
- 4. Select the role you want to add from the list.
- 5. When the role appears in the Assigned roles list, optionally set a custom scope for the role. Otherwise move to the next step.
