UML validation rules

This page contains all the UML constraints implemented in the tool as validation rules. You can find the rules in the [predefined validation suites](#) and the [active validation suites](#) Packages stored under the **Auxiliary Resources** > **UML Standard Profile** > **Validation Profile**.

The UML predefined validation suites and active validation suites include the following validation rules:

> ⊕ The list below displays only a few UML validation rules. The rest are under construction.

- [Deprecated JavaScript rules](#)
- [UML completeness constraints rules](#)
- [UML correctness constraints rules](#)
