

Creating SvcV-4 Services Functionality Description diagram

Before creating the SvcV-4 diagram, the [OV-5](#) and [SV-1](#) diagrams should be created first.

To create a SvcV-4 Services Functionality Description diagram

1. Create Service Functions.
2. Create or reuse (recommended) Service Specifications.
3. Use Compositions (whole-part relationships) to connect the Service Functions if necessary.
4. Use an Implements relationship to connect the Service Functions and Operational Activities from [OV-5](#).
