

# Removing property subsetting

To remove subsetting of a property

1. Double-click the subsetting property.
2. Click on the box next to "Subsetting Property" in the right pane of the **Specification** window for the subsetting property ("composed of" from "Futsal Team").
3. Click on the  button next to the subsetting property.

4. Select the subsetting property in the right pane of the dialog.
5. Click the – button.
6. Click **OK**.

7. The subsetting of the property is removed.
