

Creating OV-4 diagram

Typical and Actual organizational relationships are modeled in OV-4 Organizational Relationships Chart.

To create an OV-4 Typical diagram

1. Create Organizations, Posts, and Persons.
2. Display the generalizations (general-specific relationships) and compositions (whole-part relationships) between them.

To create an OV-4 Actual diagram

1. Create Actual Organizations, Actual Posts, and Actual Persons.
2. Relate Actual Organizational Resources with Actual Organization Relationship.

You can display:

- the Competence of the Organizational Resources.
- the Operational Resource that is in charge of others using the Commands relationship.
- the Resources and in general they could be modeled just before [SV-1](#) view.
