

Sharing document links

On this page

After a document is [published](#) to Cameo Collaborator for Teamwork Cloud, you can share it with reviewers by providing a link to a Cameo Collaborator document.

Sharing a published model is the second step in the workflow for reviewing models and providing feedback.

To get a link to a Cameo Collaborator document

1. Open the Resources application in one of the following ways:
 - In an internet browser, go to https://<domain_name>:<port>/resources.

Not supported internet browsers

Cameo Collaborator for Teamwork Cloud does not support Internet Explorer. Use a different internet browser instead.

- In the app bar of the document portal, click  and select **Resources**.
2. Go to the category containing the Cameo Collaborator document you want to share.
3. Click  next to the document, and do one of the following and select **Get resource link**.
4. If you want to copy a public link, in the open window, turn on the **Public** switch as shown below.

Prerequisite for public links

For public links to work, the Guest user needs to be configured for Teamwork Cloud. For more information, refer to [Setting up Guest user](#)

The screenshot shows a document sharing interface. At the top, there is a text input field containing the URL `https://kns-wapmaster.dsone.3ds.com:8443/col`. To the right of the input field is a blue button labeled `COPY`. Below the input field is a toggle switch labeled `Public`. The toggle switch is currently in the 'off' position, indicated by a white circle on the left. An orange oval highlights the toggle switch, and an orange arrow points from the text below to the switch.

Turn on the switch to
copy a public link

5. Click **Copy** button.

After you complete the above steps, the link to a document is copied to your clipboard and you can share it with reviewers.
