

# NTV-1 Technical Standards Profile

## Description

A NTV-1 defines the technical and non-technical standards, guidance, and policy applicable to the architecture.

As well as identifying applicable technical standards, the NTV-1 may document the policies and standards that apply to the operational or business context.

## Implementation

NTV-1 can be represented by a NTV-1 table.

## Sample

| # | System element  | Standard / Policy   |
|---|---|---|
| 1 |  Boat                |  GPS<br> VHF<br> AIS   |
| 2 |  Fixed Wing Aircraft |  HF<br> UHF<br> VHF<br> IMM VHF |
| 3 |  Helicopter          |  VHF<br> UHF<br> HF  |
