Creating Operational Exchanges in OV-5b diagram

To display an Operational Exchange in the OV-5 diagram

1. Open the **Realized Operational Exchange** wizard by doing one of the following:

    -   On the diagram pane, select an Operational Control Flow or Operational Object Flow between a pair of Operational Activities and on the smart manipulator toolbar, click ❓ Unknown Attachment .

    -   Click ❓ Unknown Attachment and on the diagram pane, select an Operational Control Flow or Operational Object Flow.

2. Specify the Operational Exchange, Conveyed Item, and Direction.
3. Click **Next** to specify Producing and Consuming Activities.
4. Click **Finish** when you are done.

> ⓘ You can use **Operational Exchange Manager** dialog that enables to analyze and manage the Operational Exchanges data.
