

# Creating SvcV-10a table

To create an SvcV-10a table, do either

- 
- Add a new Resource Constraint by clicking the **Add New** button. The new row in the table is created. Select constrained Systems Element (System, Software, Capability Configuration, Organization Type , Person Type, Function, Exchange Element, Entity Item, Resource Interaction).
  - Add existing Resource Constraints by clicking the **Add Existing** button and select Resource Constraints from the model.
