

# Question dialog

The **Question** dialog opens when [converting a model to another Enterprise Architecture Framework](#).

The dialog asks whether user wants to convert the model according to specified options or not.

| Check box                      | Description   |
|--------------------------------|---|
| Convert diagram types          | Select to convert all diagram types to corresponding diagram types in the selected framework.   |
| Convert element types          | Select to convert all element types to their aliases in the selected framework.   |
| Convert template structure     | Select to convert the template structure to the template structure in the selected framework.   |
| Do not show this message again | Select to hide the dialog the next time when performing the model conversion. <div><div><div><div><div><div><span></span></div><div><span>i</span></div></div></div><div><div><span></span></div><div><span>To restore the usage of the <b>Question</b> dialog</span></div></div></div><div><div><div><div><div><span></span></div><div><span>1.
