## **Adding Capabilities in Cr diagram**

## To add a new Capability

- 1. On the Cr diagram toolbar, click Add New > Capability.
- Select the Capability owner in the Select Owner dialog. An empty line for the newly created capability appears on the diagram pane.

## To add a new Capability Provision

- 1. Select the Capability for which you want to create a Capability Provision.
- 2. Do one of the following:
  - On the Dr diagram toolbar, click **Add New > Capability Provision**.
  - From the shortcut menu of the selected Capability, choose Add New Capability Provision.
- 3. Follow the steps of the Capability Provision Creation Wizard.
- 4. Click Finish when you are done.

## To add an existing Capability

- 1. On the Cr diagram toolbar, click Add Existing > Capability.
- 2. In the **Select Capability** dialog, select a Capability and click the + button.
- 3. Click **OK** when you are done.
