

# Creating C7 Actual table

To create a C7 Actual table, do either

---

- Add a new measurable Capability by clicking the **Add New** button and select one or more Capabilities that have at least one Measurement Set, defined (see [C7](#)), and then specify the values of each Actual Measurement in the table cells.
- Add the existing Actual Property Sets by clicking the **Add Existing** button and select the existing Actual Property Sets.
- Add the missing Actual Measurements by clicking the **Add Missing Measurements** button to update model changes to the table.
