

# File locations

## On this page

- [Installation paths](#)
- [Cameo Collaborator for Teamwork Cloud/Web Application Platform](#)
- [Magic Collaboration Studio/Teamwork Cloud](#)
- [Authentication server](#)
- [Cassandra](#)

The default locations for log and configuration files are listed on this page from a standard server installation.

## Installation paths

PACKAGE	OS	VERSION	INSTALL_ROOT
Teamwork Cloud	Linux	22xR2, 24x	<install_root>/CATIANoMagicServices
		22xR1 and older	<install_root>/TeamworkCloudSuite
	Windows	22xR2, 24x	<install_root>\CATIANoMagicServices
		22xR1 and older	<install_root>\TeamworkCloudSuite
Magic Collaboration Studio	Linux	All	<install_root>/MagicCollaborationStudio
	Windows	All	<install_root>\MagicCollaborationStudio

## Cameo Collaborator for Teamwork Cloud/Web Application Platform

Log files (e.g., *webapp.log*, *collaborator.log*, etc.)

Linux: <install\_root>/WebAppPlatform/logs/webappplatform

Windows: <install\_root>\WebAppPlatform\logs\webappplatform

Configuration

Linux: <install\_root>/WebAppPlatform/shared/conf/webappplatform.properties

Windows: <install\_root>\WebAppPlatform\shared\conf\webappplatform.properties

## Magic Collaboration Studio/Teamwork Cloud

Log file for 2024x and newer

Linux: <install\_root>/TeamworkCloud/logs/server.log

Windows: <install\_root>\TeamworkCloud\logs\server.log

Configuration

Linux: <install\_root>/TeamworkCloud/configuration/application.conf

Windows: <install\_root>\TeamworkCloud\configuration\application.conf

Log file for earlier versions

Linux: /home/twcloud/.twcloud/<version>/server.log

Windows: C:\Users\<user>\.twcloud\<version>\server.log

## Authentication server

Log file for 2022x and newer

Linux: <install\_root>/WebAppPlatform/logs/webappplatform/authentication.log

Windows: <install\_root>\WebAppPlatform\logs\webappplatform\authentication.log

Configuration for 2022x and newer

Linux: <install\_root>/WebAppPlatform\shared\conf\authserver.properties

Windows: <install\_root>\WebAppPlatform\shared\conf\authserver.properties

Log file for earlier versions

Linux: /home/twcloud/.authserver/<version>/authserver.log

Windows: C:\Users\<user>\.authserver\<version>\authserver.log

Configuration for earlier versions

Linux: <install\_root>/AuthServer/config/authserver.properties

Windows: <install\_root>\AuthServer\config\authserver.properties

## Cassandra

Log file

Linux: /var/log/cassandra/system.log

Configuration files  
Linux: */etc/cassandra/conf*
