

Customizing DataHub options

The **Cameo DataHub Options** dialog allows you to enable popup dialogs for some particular Actions in DataHub.

To open the **Cameo DataHub Options** dialog in MagicDraw®

- On the MagicDraw main menu, click **Options > Environment**. The **Environment Options** dialog opens. Select **Cameo DataHub** on the left.

The **Environment Options** dialog in MagicDraw® is divided into the four groups of configuration as follow

- [General](#)
- [Confirmation](#)
- [IBM Rational DOORS Next Generation](#)
- [HP Application Lifecycle Management](#)
- [OSLC Provider](#)
