

# SvcV-7 Services Measures Matrix

## Description

The SvcV-7 depicts the measures (metrics) of resources. The Services Measures Matrix expands on the information presented in a SvcV-1 Services Context Description by depicting the characteristics of the resources in the SvcV-1 Services Context Description.

In addition, this model is useful in support of net-centric (service-oriented) implementation of services. Service measures for Service Level Agreements for each service and may include number of service consumers, service usage by consumers, and the minimum, average and maximum response times, allowed down time, etc. Measures of interest for a Chief Information Office or Program manager may include measures that assess service reuse, process efficiency, and business agility.

The intended usage of the SvcV-7 includes:

- Definition of performance characteristics and measures (metrics).
- Identification of non-functional requirements.

## Implementation

SvcV-7 can be represented using:

- A SvcV-7 typical measures table.

#	Measure Type	Measurement	Service Access
1	Standard SAR Measurements	<div><div>findTime : hour</div><div>persistence : hour</div><div>searchCoverage : m</div><div>weatherConditions : String</div></div>	<div><div>Search &amp; Rescue Service</div></div>
2	Maritime SAR Measurements	<div><div>seaConditions : String</div></div>	<div><div>Maritime Search &amp; Rescue Service</div></div>
3	Land SAR Measurements	<div><div>terrainType : String</div></div>	<div><div>Land Search &amp; Rescue Service</div></div>

- A SvcV-7 actual measures table.

#	Service Access	Performance Requirement	Measure	Metric	Intention
1	<div><div>Maritime Search &amp; Rescue Service</div></div>	seaConditions	popple	<div><div>String</div></div>	Actual
2	<div><div>Search &amp; Rescue Service</div></div>	weatherConditions	cloudy	<div><div>String</div></div>	Actual
3	<div><div>Search &amp; Rescue Service</div></div>	searchCoverage	140000	<div><div>m</div></div>	Estimate
4	<div><div>Search &amp; Rescue Service</div></div>	persistence	48	<div><div>hour</div></div>	Required
5	<div><div>Search &amp; Rescue Service</div></div>	findTime	24	<div><div>hour</div></div>	Required
6	<div><div>Land Search &amp; Rescue Service</div></div>	terrainType	land	<div><div>String</div></div>	Required

- A SvcV-7 actual measures spreadsheet report.
