Creating OV-4 diagram

To create an OV-4 diagram

1. Create Organization Types and Person Types.
2. Display the generalizations (general-specific relationships) and compositions (whole-part relationships) between them.
3. Create Actual Organizations and Individual Person Roles.
4. Relate Actual Organizational resources with Actual Organization Relationship.

ⓘ You can display:

- the Skills of the Organizational Resources.

Related pages:

- the Operational Resource that is in charge of others using the Commands relationship.

Unknown macro: 'list-children'

- the Resources and in general they could be modelled just before SV-1 view.
