

Adding Projects in PV-2 diagram

To add a new Project

1. On the PV-2 diagram toolbar, click **Add New > Project**. An empty line for the newly created project appears on the diagram pane.
2. Specify a time frame for the Project.

To add an existing Project

1. On the PV-2 diagram toolbar, click **Add Existing**.
2. In the **Select Project** dialog, select a Project (or several Projects) and click the **+** button.
3. Click **OK** when you are done.

To add a new Sub Project

1. Select the Project for which you want to create a Sub Project.
2. Do one of the following:
 - On the PV-2 diagram toolbar, click **Add New > Sub Project**.
 - From the shortcut menu of the selected Project, choose **Add new Sub Project**.
3. An empty line for the newly created project appears on the diagram pane.
4. Specify a time frame for the Sub Project.
