

Creating and Using Tasks

There are multiple types of Tasks that you can create in a BPMN Process diagram.

To create a Task

1. Open a Process diagram.
2. On the diagram pallet, click the **Task** button and select a type of Task you need to create.

To change a task type

- Right-click a Task and select one of the following task types:
 - Business Rule Task
 - Manual Task
 - Receive Task
 - Script Task
 - Send Task
 - Service Task
 - User Task
