

Changes in DoDAF Class Library

Measurement Set	Measurement	Type	Type changes	Measurement Set changes	Measurement Changes
Exchange Properties	accountability	String			
	classification	String			Removed
	classificationCaveat	String			Removed
	criticality	String			Removed
	interoperabilityLevelAchievable	String			Removed
	periodicity	String			
	protectionDuration	String			Removed
	protectionDurationCode	String			Removed
	protectionSuspenseCalendarDate	String			Removed
	protectionTypeName	String			Removed
	releasability	String			Removed
	size	String			
	throughput	String			
	timeliness	String			
	transactionType	String			
Information Assurance Properties	accessControl	String		The Measurement Set removed	
	availability	String			
	confidentiality	String			
	disseminationControl	String			
	integrity	String			
	nonRepudiationConsumer	String			
	nonRepudiationProducer	String			
Security Attributes	dateOfExemptedSource	String		Renamed to Classification Attributes	
	classificationReason	String			
	classifiedBy	String			
	declassDate	String			
	declassEvent	String			Removed
	declassException	String			
	DeclassManualReview	String			
	derivedFrom	String			
	DisseminationControls	String			
	FGIsorceOpen	String			
	FGIsorceProtected	String			
	nonICmarkings	String			
	ownerProducer	String			
	releasableTo	String			
	SARIdentifier	String			
	SCIControls	String			
	taxonomy	ClassificationT ype	String		
	typeOfExemptedSource	String			
Security Category Properties	criticality	String			Removed
	maturityOfControl	String			Removed

	securityAvailability	String			securityAvailabilityImpact
	securityClassification	String			
	securityConfidentiality	String			securityConfidentialityImpact
	securityIntegrity	String			securityIntegrityImpact
Security Control Properties	criticality	String			Removed
	maturityOfControl	String			Removed
	securityControlImportance	String			Added
	securityControlApplicability	String			Added
Security Control Assessment Properties	coverageOfSecurityControlAssessment	String		New Measurement Set added.	
	depthOfSecurityControlAssessment	String			
	effectivenessOfSecurityControl	String
