Solvers

You can use one of the following solvers:

- **Autocorrect** - change Project Sequence Project To start Date to be equal to Project From start Date.
- **Edit From Project Start Date** - open Date Dialog to specify Project Milestone's Project From Start Date.
- **Edit To Project Start Date** - open Date Dialog to specify Project Sequences Project To Start Date.
- **Remove Project Sequence** - remove Project Sequence from Model.
- **Change Project Sequence Direction** - change Direction of Project Sequence.

Example

Changed Project dates using Edit To Project Start Date solver
