

Creating NPV-1 Gantt chart

When you choose to create NPV-1 Gantt chart, NPV-1 Creation Wizard opens by default.

To create an NPV-1 Gantt chart from the wizard

1. From the **Diagrams** menu, select **Create Diagram**.
2. Find and select NPV-1 Programme Portfolio Relationship.
3. In the **NPV-1 Programme Portfolio Relationship** dialog, click **Add**. **NPV-1 Creation Wizard** opens.
4. Specify the diagram name and create or select the owner for the diagram. Click **Next**.
5. Add the project(s). Click **Next**.
6. Set the chart properties.
7. Click **Finish**.

If you do not wish to use the NPV-1 Creation Wizard next time, clear the check box near “Show the wizard next time, when I create NPV-1”.

Also you can disable the wizard. Go to **Options > Environment**. In the **Environment Options** dialog go to **UAF** tab. In the **General** properties, set **Show NPV-1 Creation Wizard each Time Creating New Chart** to false.

To create an NPV-1 diagram manually

1. From the **Diagrams** menu, select **Create Diagram**.
2. Find and select NPV-1 Programme Portfolio Relationship.
3. In the **NPV-1 Programme Portfolio Relationship** dialog click **Add**.
4. Specify the diagram name and create or select the owner of the diagram.

You can select as a diagram owner a view or viewpoint that is already created in the UAF project template.

5. Click **OK**. The blank NPV-1 diagram is created.
