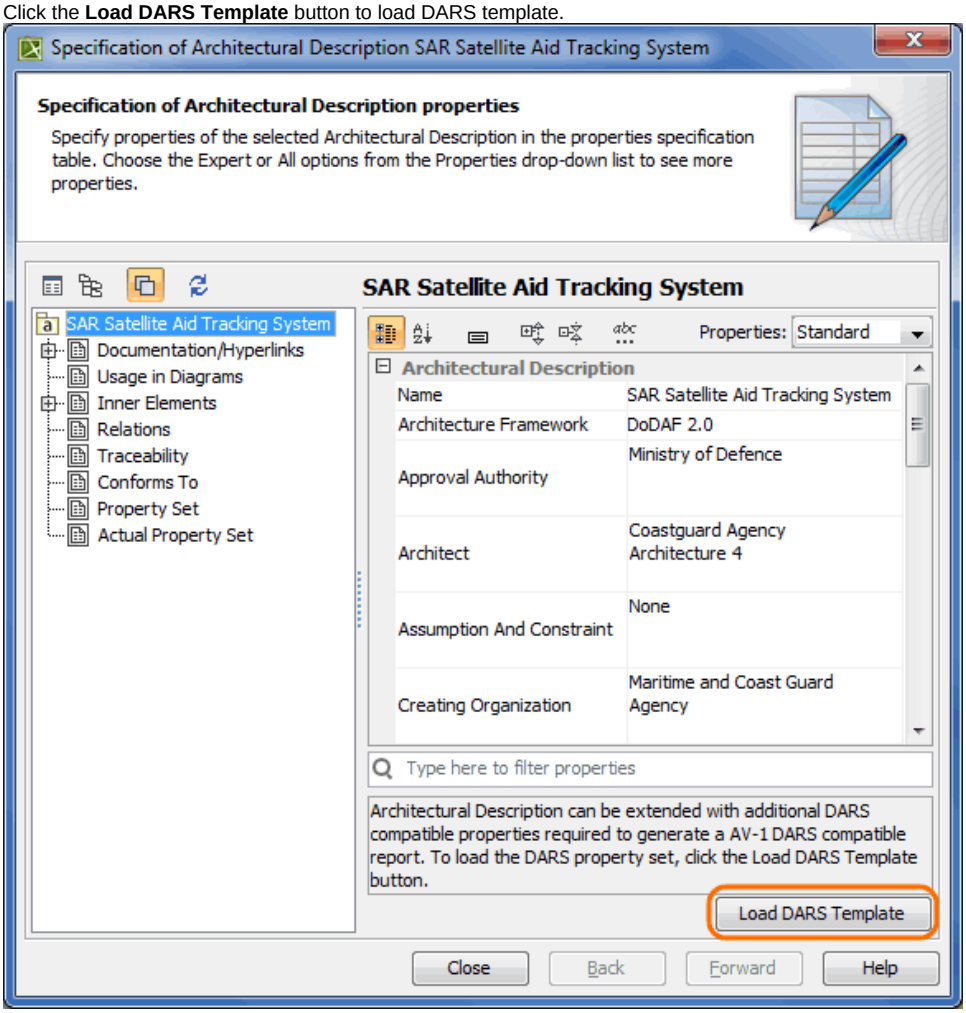
Generating DARS report

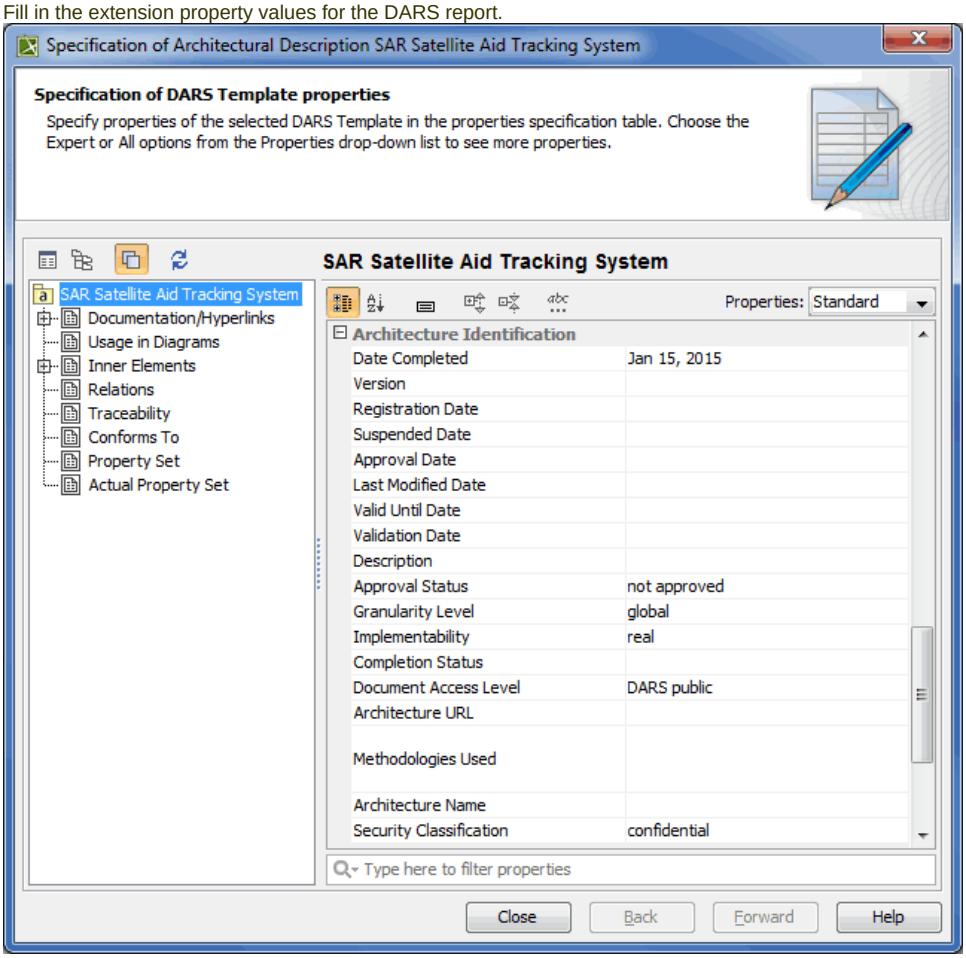
Before generating an AV-1 Overview and Summary Information (DoDAF), Summary and Overview Report (UAF) DARS report, you must load the DARS template in these diagrams and provide the template with relevant data.

To load the DARS template

1. Select the Architecture Description from the Containment tree and open its Specification window.
2. Click the **Load DARS Template** button to load DARS template.



3. Fill in the extension property values for the DARS report.



4. Click **Close**.

To generate DARS report use standard Generating document based reports procedure.
