Creating P3 table

You can add new or existing Resource Interactions to fill in a P3 table.

To add new Resource Interaction

1. In the P3 diagram toolbar, click the **Add New** button. The **Realized Resource Interaction wizard** opens.
2. Follow the steps of the wizard.
3. Click **Finish** when you are done.
   The rows with created Resource Interactions are added to the table.

To add an existing Resource Interaction

1. In the P3 diagram toolbar, click the **Add Existing** button. The **Select Resource Interaction** dialog opens.
2. Select Resource Interactions by clicking **+** button.
3. Click **OK** when you are done.
   The rows with selected Resource Interactions are added to the table.

> ⓘ
> - Resource Interaction Identifier, Resource Interaction Item Name, Producing and Consuming Functions, and wide range of measurement cells are allowed to edit in the table.
> - Sending Resource, Receiving Resource, and Implements cells are read only.
> - You may use an P1 view to create or modify a Resource Interaction.
> - You can use **Resource Interaction Manager** dialog that enables to analyze and manage the Resource Interaction data.
