Creating Operational Exchanges in OV-5b diagram

To display an Operational Exchange in the OV-5b diagram

1. Open the **Realized Operational Exchange** wizard by doing one of the following:
   - On the diagram pane, select an Operational Control Flow or Operational Object Flow between a pair of Operational Activity Actions and on the smart manipulator toolbar, click .
   - Click Operational Exchange and on the diagram pane, select an Operational Control Flow or Operational Object Flow.
2. Specify the Operational Exchange, Conveyed Item, and Direction.
3. Click **Next** to specify Producing and Consuming Activities.
4. Click **Finish** when you are done.

ⓘ   You can use **Operational Exchange Manager** dialog that enables to analyze and manage the Operational Exchanges data.
