

# Creating P3 table

You can add [new](#) or [existing](#) Resource Exchanges to fill in a P3 table.

To add new Resource Exchange

---

1. In the P3 diagram toolbar, click the **Add New** button. The [Realized Resource Exchange wizard](#) opens.
2. Follow the steps of the wizard.
3. Click **Finish** when you are done.  
The rows with created Resource Exchanges are added to the table.

To add an existing Resource Exchange

---

1. In the P3 diagram toolbar, click the **Add Existing** button. The **Select Resource Exchange** dialog opens.
2. Select Resource Exchanges by clicking **+** button.
3. Click **OK** when you are done.  
The rows with selected Resource Exchanges are added to the table.

- Resource Exchange Identifier, Resource Exchange Item Name, Producing and Consuming Functions, and wide range of measurement cells are allowed to edit in the table.
- Sending Resource, Receiving Resource, and Implements cells are read only.
- You may use an [P1](#) view to create or modify a Resource Exchange.
- You can use [Resource Exchange Manager dialog](#) that enables to analyze and manage the Resource Exchange data.
