to
cold
Item Flow Manager
Manage Item Flows
To create a new Item Flow, click the 'Add' button above the table. To remove a selected Item Flow, click the 'Delete' button above the table. If you want to display Item Flow on the relationship, select the 'Realize' check-box; otherwise, clear the check-box. To begin updating Conveyed Items of the Item Flow, select the cell with the appropriate name and click the '...' button.
