Comment elements under Requirements of DOORS Next Generation Data Sources

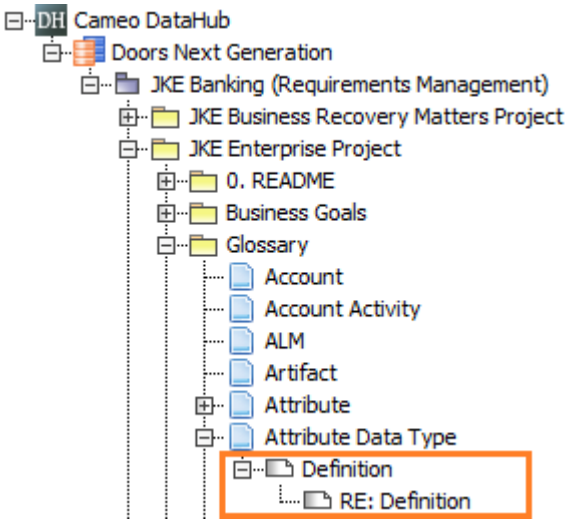

To display a DOORS Next Generation comment element under a Requirement

---

- Right-click a DOORS Next Generation Data Source and select **Show comments**.

The comment element(s) will be displayed under the Requirement(s) of the selected Data Source.

Comment elements are shown under the Requirement of the selected DOORS Next Generation Data Source.

Note

DataHub does not show the Requirements' comment elements by default.
