

Customizing DataHub options

The **Cameo DataHub Options** dialog allows you to enable popup dialogs for some particular Actions in DataHub.

To open the **Cameo DataHub Options** dialog in MagicDraw®

- On the MagicDraw main menu, click **Options > Environment**. The **Environment Options** dialog opens. Select **Cameo DataHub** on the left pane.

The **Cameo DataHub Environment Options** dialog in MagicDraw® is divided into the following groups of configurations:

- Confirmation
- General
- IBM Rational DOORS
- IBM Rational DOORS Next Generation
- HP Application Lifecycle Management
- OSLC Provider
