Creating P3 table

You can add new or existing Resource Exchanges to fill in a P3 table.

To add new Resource Exchange

1. In the P3 diagram toolbar, click the **Add New** button. The **Realized Resource Exchange** wizard opens.
2. Follow the steps of the wizard.
3. Click **Finish** when you are done.
   The rows with created Resource Exchanges are added to the table.

To add an existing Resource Exchange

1. In the P3 diagram toolbar, click the **Add Existing** button. The **Select Resource Exchange** dialog opens.
2. Select Resource Exchanges by clicking **+** button.
3. Click **OK** when you are done.
   The rows with selected Resource Exchanges are added to the table.

ⓘ
- Resource Exchange Identifier, Resource Exchange Item Name, Producing and Consuming Functions, and wide range of measurement cells are allowed to edit in the table.
- Sending Resource, Receiving Resource, and Implements cells are read only.
- You may use an P1 view to create or modify a Resource Exchange.
- You can use **Resource Exchange Manager** dialog that enables to analyze and manage the Resource Exchange data.
