

# BPMN Tables

BPMN tables allow the quick creation of BPMN elements as well as easy review and modification of their properties. You can review a group of elements as one set in the same place by using these tables.

Types of BPMN tables in Cameo Business Modeler are as follows:

- [BPMN Processes Description Table](#)
- [BPMN Resources Description Table](#)
- [BPMN Business Data Description Table](#)
- [BPMN Activities Description Table](#)
