

Features and layout

The Web Publisher 2.0 report consists of four panels:

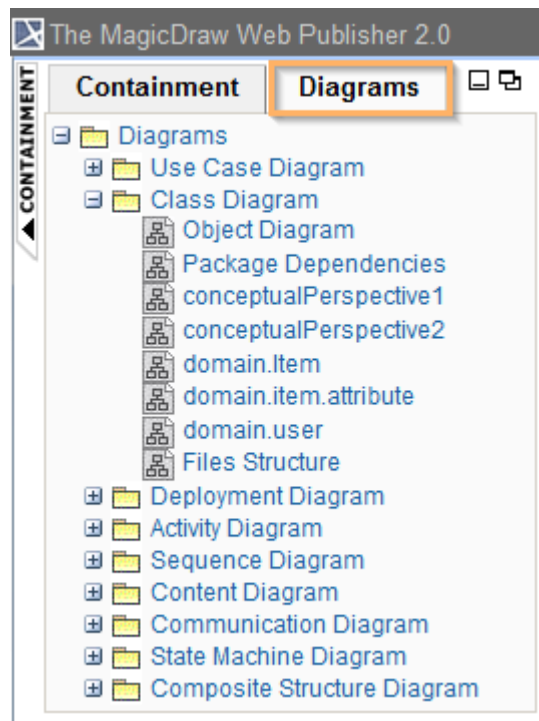

1. Containment panel - This panel contains two tabs: **Containment** and **Diagrams**. The **Containment** tab shows data of a project in a tree structure, and the **Diagrams** tab shows all diagrams in a project.
2. Quick properties panels - This panel contains two tabs: **Documentation** and **Properties**. The **Documentation** tab shows documentation, and the **Properties** tab displays properties of the selected element in a diagram or from the **Containment** tab.
3. Content panel - This panel shows an element's content.
4. Search panel - This panel contains a **Quick Search** box. You can search for an element in a project by either typing in a specific keyword or by using a regular expression as a keyword.

Properties

Mode : Standard

Name : MagicLibrary Requirement

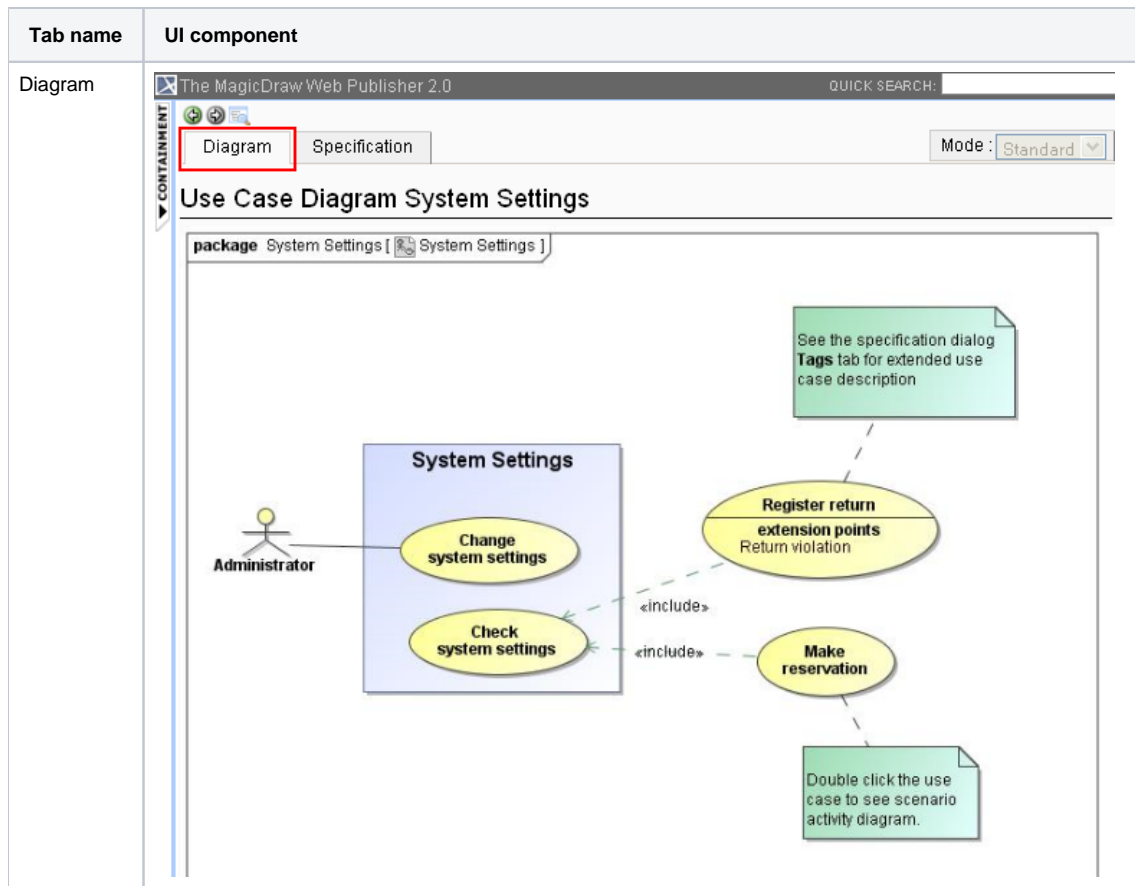

Owner : Model

To Do :

The Properties Tab.

The Content panel of Web Publisher contains three tabs: Diagram, Specification, and Appears in. You can click any element in the Containment tree of Web Publisher to open three tabs.

- The **Diagram** tab shows diagram images.
- The **Specification** tab shows elements specification.
- The **Appears in** tab shows you all diagrams in which a particular element is present. You need to select the element in the Containment tree to open the **Appears in** tab.

Specification	 <p>The screenshot shows the 'The MagicDraw Web Publisher 2.0' application window. The 'Specification' tab is highlighted with an orange box. The 'Diagram System Settings' section is visible, showing 'General Information' with fields for 'Name' (System Settings) and 'Owner' (System Settings).</p>
Appears in	 <p>The screenshot shows the 'The MagicDraw Web Publisher Collaboration' application window. The 'Appears in' tab is selected. The 'Diagrams' section lists three items: 'conceptualPerspective', 'domain.User', and 'domain.Item'.</p>
