Comparing projects

The Compare Projects functionality allows you to compare:

- Two server project versions
- Open server project with a local or server project version
- Open local project with a server project version

Various different properties of the elements, that share the same ID in different projects, are compared.

Basic concepts

For a better understanding of the further material, learn the following concepts.

Concept	Description
Base	The original project version without changes.
Compared	A project version that contains modifications added to original project version.
