- 3DEXPERIENCE ID creation workflow
- Assistance with your 3DEXperience ID creation
  - 1. Email already in use
  - 2. Logging in difficulties
  - 3. Validation test
- Contact Support

You will need a 3DEXPERIENCE ID to access private content and services on the Dassault Systèmes Support site. If you have previously logged in to Dassault Systèmes' support site tools, you probably have a 3DEXPERIENCE ID. If you are not sure, you can check the **Assistance with your 3DEXperience ID creation** section.

If you do not have a 3DEXPERIENCE ID, follow the **3DEXPERIENCE ID creation workflow** below.

## 3DEXPERIENCE ID creation workflow

1. Log to [www.3ds.com](http://www.3ds.com)
2. Click on the top right Login icon
3. Click on "Create your 3DEXPERIENCE ID"
4. Enter **your corporate email**

 If you have received the email communication titled **No Magic Customer Support transition – preparation** on March 26, 2021, please enter **the email address** given to you in that communication email.

5. Fulfill all remaining information as per your wishes
6. Click "Register"

 When you register for a 3DEXPERIENCE account, an automated email will be sent to you. The email contains a link that will verify your email.

Note: check your junk/spam folder for the email if it does not appear in your inbox

You may have to request IT to add mail id <[3dexperience@3ds.com](mailto:3dexperience@3ds.com)> to the white list.

7. Verify your email.

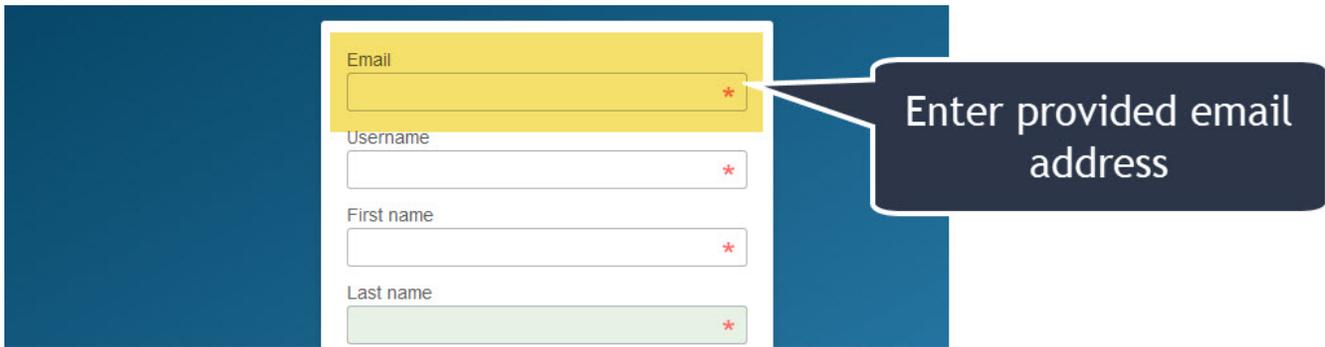

You will receive an "Email address verified" notice. You are now ready to connect with your 3DEXPERIENCE ID.

## Assistance with your 3DEXperience ID creation

### 1. Email already in use

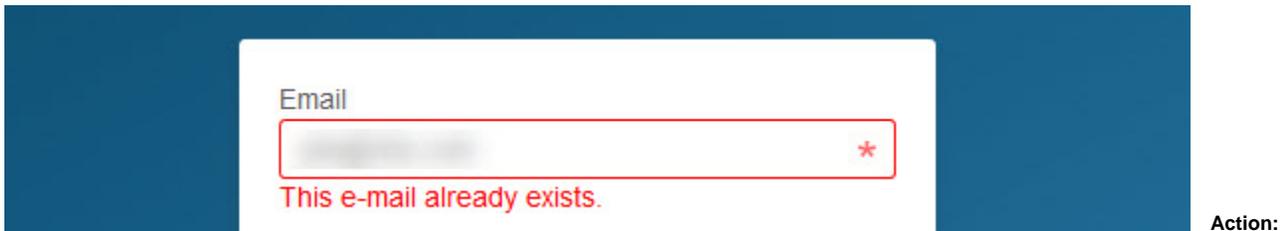

If you have received the email communication titled **No Magic Customer Support transition – preparation** on March 26, 2021, please enter the email address given to you in that communication email.

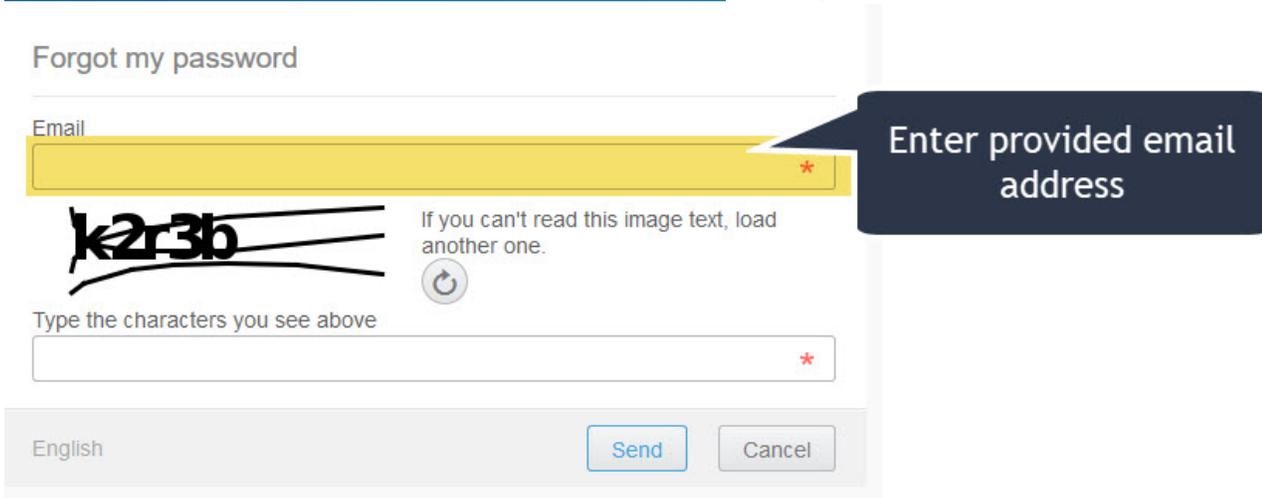

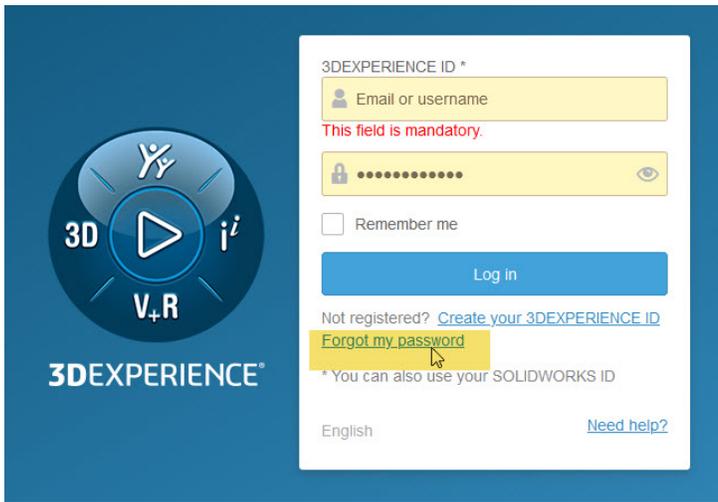

The screenshot shows a registration form with four input fields: Email, Username, First name, and Last name. Each field has a red asterisk on the right side. A yellow highlight is placed over the Email field. A dark blue callout box with white text points to the Email field, containing the text "Enter provided email address".

While applying for a new 3DEXPERIENCE ID, if it reports that the email address already exists, it means that a 3DEXPERIENCE ID is already associated with this email address.

The screenshot shows a registration form with an "Email" field. The field is highlighted with a red border and contains a red asterisk. Below the field, the text "This e-mail already exists." is displayed in red. To the right of the form, the text "Action:" is visible.

Please reset your password using the "Forgot my password" option rather than creating a new account with a different password.

You will receive reset password emails to this mailbox and will be able to generate a new password to connect to Dassault Systèmes Support site web services.

## 2. Logging in difficulties

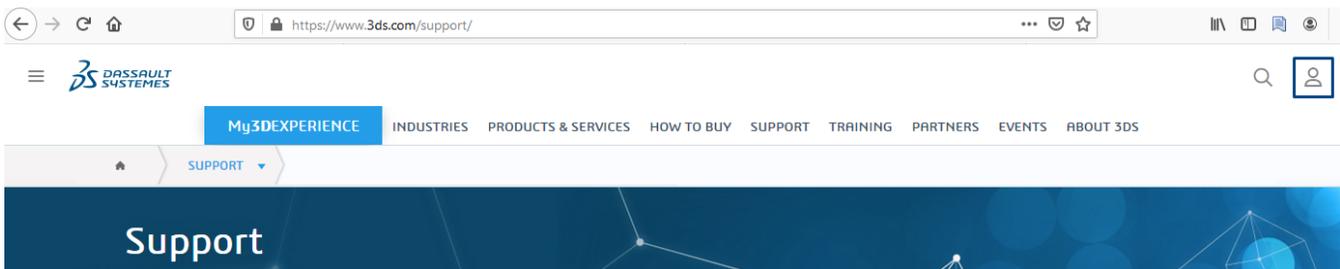

If you are encountering difficulties logging in, please try again using a Private (Firefox) / InPrivate (Edge) / Incognito (Chrome) window. If this log in is successful, please clear your browser cache and cookies, open a new browser window and retry.

Be sure you verified the email address first by replying to that email form.

## 3. Validation test

To test your 3DEXperience ID go to the [Dassault Systèmes website](https://www.3ds.com)

Click on the Log on icon and enter your 3DEXPERIENCE ID, as shown below:

If your log-in is successful, you will see your name replacing the icon.

# Support

## Contact Support

If you have issues when creating or validating a **3DEXPERIENCE ID**, or receive any other technical issues or errors related to **3DEXPERIENCE ID** creation, but not described in this page, please contact support team:

[Dassault Systèmes' global Call Center](#)
