

# Concepts

Report Wizard includes the following concepts:

- **Template**  
specifies the document layout, format, corresponding model elements, and custom defined fields.
- **Report Data**  
specifies a set of custom fields and data in the selected template. A template can have a number of different custom defined fields for a project or different projects organized in a report.
- **Report**  
a generated user document with data from the project displayed in the selected template style.
