Using Web Application Platform

Web Application Platform is the platform for developing and running web applications. It is also the base for Cameo Collaborator for Teamwork Cloud, Resources, and TWCloud Admin apps.

To learn how to install and use Web Application platform, see:

- Starting and stopping Web Application Platform
- Setting up Administrator user
- Setting up Guest user
- Configuring Cameo Collaborator email notifications
- Changing Web Application Platform property values
- Encrypting property values
- Changing SSL certificates
- Configuring memory usage
- Configuring data logging
