Accessing Teamwork Cloud Admin

On this page:

- Signing in to Teamwork Cloud Admin
- Signing out of Teamwork Cloud Admin

After applying the TWCloud license and starting Teamwork Cloud (TWCloud), you can log into Teamwork Cloud Admin (TWCloud Admin).

Signing in to Teamwork Cloud Admin

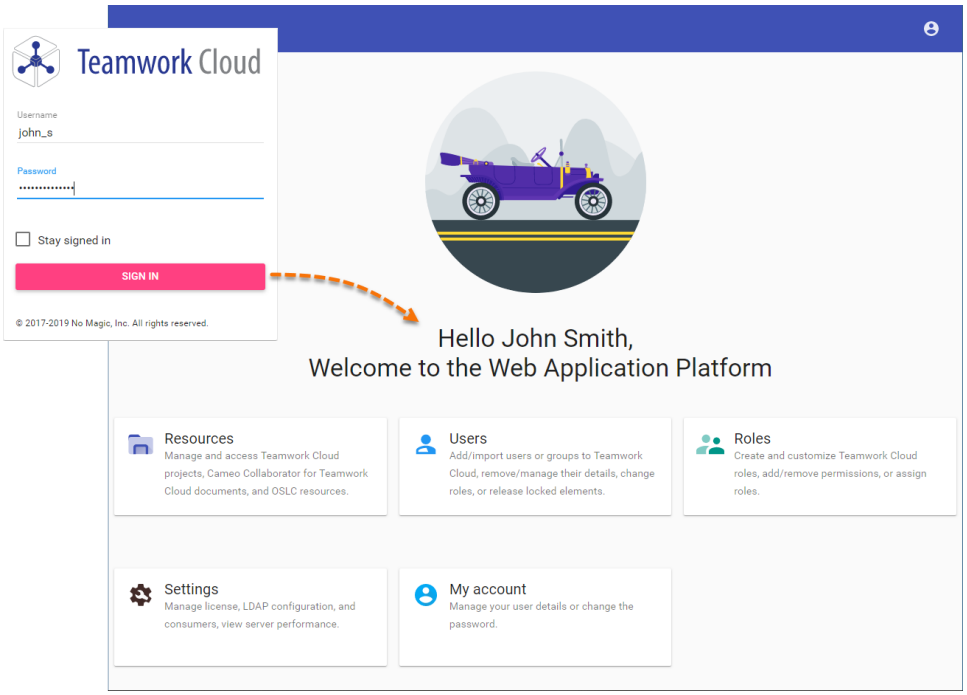
To sign in to Teamwork Cloud Admin

1. In an internet browser, go to *http(s)://<server_address>:<port>/webapp*. For example, if the machine IP is **10.1.1.123** and the default port is used, the URL will be *https://10.1.1.123:8443/webapp*.

   The default port is **8443**.

2. When the authentication page opens, enter your username and password to sign in.

   The default credentials are **Administrator/Administrator**.



After you sign in you will be directed to the main Web Application Platform page *(https://10.1.1.123:8443/webapp)*

Once you are logged in, you will be redirected to the landing page depending on your role/ permissions. To navigate in the Teamwork Cloud Admin environment use the app bar. Depending on their roles and permissions, some users may not be able to access some specific content in the Teamwork Cloud system or view its details.

The first page that opens after successful login varies according to the user role or their latest activity in the TWCloud Admin.

Signing out of Teamwork Cloud Admin

To sign out of Teamwork Cloud Admin

- In the top right corner click button and select **Sign out** to sign out of the current user account.

List of applications URL

This list provides sample URLs for all TWCloud Admin applications if the machine IP is **10.1.1.123** and the default port is used:

Application	URL
Resources application	*https://10.1.1.123:8443/resources*
Users application	*https://10.1.1.123:8443/admin/users*
Roles application	*https://10.1.1.123:8443/admin/roles*
Settings application	*https://10.1.1.123:8443/admin/settings*
My account application	*https://10.1.1.123:8443/admin/my-account*

If you use one of these URLs, you will be redirected to that exact application. In case you enter the wrong address you will be redirected to the main Web Application Platform page.
